Learning Programmes

## ACADEMIC EXCELLENCE & HOLISTIC DEVELOPMENT

At Belonie Secondary School, we provide a diverse and enriching academic programme designed to nurture individual potential and prepare students for success in their chosen paths. Covering Key Stage 4 (S1–S3) and Key Stage 5 (S4–S5), our curriculum spans sciences, arts, languages, technical education, and more, ensuring a holistic learning experience.

Our dedicated departments offer a wide array of subjects, from biology and physics to design technology and personal development. With a focus on both academic excellence and practical skills, we empower students to explore their interests and achieve their goals.

---

## KEY STAGE STRUCTURE

### Key Stage 4 (S1 – S3)

- Core subject development across all departments
- Skills-based learning and academic foundation building
- Introduction to specialized subjects and career exploration
- Development of critical thinking and study skills

### Key Stage 5 (S4 – S5)
